

## Greek Alphabet

[What you need to reproduce for the first quiz.]

| Greek Letter | Greek Name | English Transliteration |
|--------------|------------|-------------------------|
| α            | alpha      | a                       |
| β            | beta       | b                       |
| γ            | gamma      | g                       |
| δ            | delta      | d                       |
| ε            | epsilon    | e                       |
| ζ            | zeta       | z                       |
| η            | eta        | ē                       |
| θ            | theta      | th                      |
| ι            | iota       | i                       |
| κ            | kappa      | k                       |
| λ            | lambda     | l                       |
| μ            | mu         | m                       |
| ν            | nu         | n                       |
| ξ            | xi         | x                       |
| ο            | omicron    | o                       |
| π            | pi         | p                       |
| ρ            | rho        | r                       |
| σ/ς          | sigma      | s                       |
| τ            | tau        | t                       |
| υ            | upsilon    | u/y                     |
| φ            | phi        | ph                      |
| χ            | chi        | ch                      |
| ψ            | psi        | ps                      |
| ω            | omega      | ō                       |
